

SA Career Guide & NAMIBIA Career Guide

SA Career Guide and Namibia Career Guide are digital publications distributed regionally through the school system, to grade 9 to 12 High School Learners across South Africa and Namibia.

Each issue of the guide assists learners to access a range of career options across all industries and sectors. We provide valuable information right from Professionals, and distribute it freely to:

- High school learners
- Educators
- Career guidance facilitators
- Life orientation educators
- Headmasters of Schools and Educational Institutions
- Community Development Forums
- Social Media platforms

The aim of the guides is to provide students with access to quality study and career information, while motivating them to further their education after school. We assist students to make an informed decision about their future and career after they leave school.

In order to offer advertisers a wider range of advertising options, the publication is published across 6 regionally based issues each year, and Advertisers have the option to advertise per issue or across any combination of issues. The following issues are available:

KZN; LMN(Limpopo, Mpumalanga, North West); Gauteng; ENF (Eastern Cape, Northern Cape, Free State); Western Cape & Namibia

Each issue contains a range of content, including Career Focus interviews; informative articles; and inspirational editorials on learners who have succeeded in achieving their dreams.

How does it work:

After the creation of each informative and visually stimulating issue of the SA Career Guide, we upload it to our preferred platform, www.issuu.com as well as sharing it out on our social media platforms.

A mailer is then sent out to our independent subscribers, as well as the relevant Life Orientation Teachers; Computer lab Teachers and or School Heads, as per our comprehensive and Education Department approved listing for school contacts. (As this information is updated, it is maintained by our data capture team, who approach each school to confirm information as needed)

We also make use, of our media partners to assist with distribution.
